Your application was selected for review in a process called “verification.” In this process, federal law requires (34 CFR, Part 668) Claflin to compare the information from your FAFSA with signed copies of your 2022 Federal IRS tax transcript (and your spouse’s if you are married, or parents’ if you are considered dependent for federal aid purposes) or other financial aid documents. If there are differences between your application information and your financial documents, correction may need to be made.

1. Collect your (and your spouse's or parents') 2022 IRS federal income tax transcript.
2. Complete all sections and sign this worksheet - you and at least one parent.
3. Contact us if you have questions about this worksheet.
4. Return via email, office visit, or fax the signed and completed worksheet, tax forms, and any other documents to Claflin University Office of Financial Aid. We will compare the information on these documents and make corrections if necessary.
